Meet the Wollen Michelmore Family Team

Here at Wollen Michelmore our specialist family lawyers can advise and support you with any relationship or child related dispute. All of life's decisions have a knock on effect, whether you're starting a new relationship or making the painful decision to leave one behind. We can help you consider all of the consequences of your decisions and achieve the best outcome for you.

The Family team was recognised nationally as among the best in the legal profession at the Solicitors Journal Awards held in London earlier this year. They were identified for their specialist children work, advising parents and others in conflict and also in cases involving Social Services.

Meet Our Dartmouth Team:

Our department is headed up by Rebecca Procter. As a matrimonial lawyer, Rebecca focuses on high value finance cases and can assist with pension sharing and business issues within a relationship breakdown. Rebecca is a trained mediator and collaborative lawyer.

Elizabeth Foster's specialism lies in resolving financial issues that arise for divorcing parties, including the effects of divorce on inherited wealth. She assists and advises couples how to reach and record agreements between themselves in post-nuptial agreements. Elizabeth also advises on property and financial issues that arise following the breakdown of unmarried relationships.

Our aim is to provide clear advice along with client care that helps you through life's ups and downs.

Gemma Stevens advises on all legal aspects of a relationship; from living together agreements and pre-nuptials to divorce and financial settlement. She also assists parents in relation to contact arrangements for their children and in seeking injunctive relief where there is domestic abuse.

We are committed to supporting our clients with family law matters across Devon and we are proud to have earned a reputation in achieving favourable outcomes for our clients.

Our aim is to provide clear advice along with client care that helps you through life's ups and downs.
